ABOUT ME AND MY PROJECTS

More details about my projects on the portfolio website

I'm a student at Ulster University, studying games design and development. I've created a solo 2D platformer focused on collecting coins and collaborated on a top-down game about escaping a mental hospital. Outside of academics, I'm a big Formula 1 fan—watching every race and attending events when I can. I also enjoy various video games, including racing, story-rich, action, strategy, and casual titles.

Education

Degree: BSc Games Design and Development 2025-Current
Ulster University

Year 1 Semester 1 Grades

Modules

CRE132: Fundamentals of Game Programming:

CRE133: Game Design Theory and Practice:

CRE136: Professional Game Development:

A-Levels Sep 2023 – Aug 2025

BTEC ICT Distinction

BTEC Engineering Merit

BTEC Travel and Tourism Distinction *

I got 8 GCSEs with grades from B-C, including mathematics, English, ICT, and Digital Technology

WORK EXPERIENCE

Chicken Factory Packer (Jun 2025 - Current) Western Brand - Lisnaskea, Fermanagh

In this job, I work with a team of 3-4 people to pack and label chicken. Through this experience, I have enhanced my skills in patience, teamwork, and consistency. Additionally, we always ensure to clean our work area thoroughly when we're finished.

Shop Assistant (July 2022 – May 2025)

Swifts Eurospar – Lisnaskea, Fermanagh

In this job, I packed shelves with other team members and helped customers find products. I also have cleaned the shop floor and tidied the shelves and took and unpacked cages from the delivery lorry, so in this job I learned skills in customer service, teamwork, and patience.

Skills

- **Unity:** Utilized C# scripting in Unity to create player movement and enemy AI for a 2D platformer.
- **GitHub:** Acquired skills in creating repositories and understanding the basics of version control.
- **ProBuilder:** Developed skills in level design.
- **Office 365:** Gained proficiency in using Outlook, Word, MS Teams, and PowerPoint.
- **LiberSprite:** Learned pixel art creation and animation techniques.
- **Skeletal Animation:** Mastered the animation of character drawings, enabling movement of arms, legs, and head.
- **Grey Boxing:** Gained experience in creating basic 3D environments.
- **Visual Studio:** Used for coding tasks during my studies.
- **Gmail:** Familiar with its functionalities.
- **Outlook:** Knowledgeable in its basic features.
- **My Office 365:** Learned how to efficiently use its tools and applications.

Soft skills

- **Presenting:** I was in the student council in year 8 and year 10 in secondary school and I presented ideas in the meeting to teachers and other student members of the council and have done parts speeches in front of groups of people
- **Teamwork:** job experience and from student council in secondary school, 1st year in uni, a group game project

VOLONTEERING WORK

I have stood out in a shop for an hour or two with a bucket to raise funds for Concern, and have done this 3 times, and it happens once each year. I plan to do it each, and this is organised by the Lisnaskea Emmet's Football Club, and I have done a Cancer run back in 2016
